

Testimonials from parents for Winterville First Baptist Preschool Program:

1- There are several reasons I chose to keep my son at Winterville for the 4-year program. First, he loved the school so much (and so do I) I wanted him to be able to enjoy it as long as possible. The school provided such personal attention and small class sizes; I wanted him to have these advantages for another school year. I had no doubt that he would be prepared academically for kindergarten.

2- We chose WFBC Preschool for many reasons. We had a wonderful experience when our first child attended three years earlier. He arrived at kindergarten well-prepared, secure, and with a positive attitude toward learning. WFBC Preschool is a loving, secure, and fun environment where each child is treated special. We like the personal attention of a lower teacher-student ratio. The location is very convenient to our home and the tuition is extremely reasonable. We feel that three days a week is plenty for a 4-year old who has years of full-time school ahead. Perhaps a "practice" day once a month (after January) where the children bring a lunch and stay until 2 PM could give them confidence in a longer day. We also chose WFBC Preschool because Bible stories and Biblical principles are included in everyday activities.

Thanks so much for all you do!

K Brewer

3- Our son attended the preschool program and he loved it. It's a loving, learning environment. The program will help him to be ready for kindergarten.

4- The Lord may have guided us here. It seems the four-year old teachers have so much experience in teaching children. Our two little girls have grown and learned so many things under Ms. Nancy and Ms. Jean. The class size is a definite plus because I feel like our children get more one-on-one time which enhances their learning. I absolutely love the teachers planting seeds of the Lord in my children's heart so one day they may not be separated from Him. The teachers definitely "light up" the room everyday just by their smiles, love, and welcoming spirit.
